A NEWS DIGEST OF  
TUGGERAH LAKES ART SOCIETY

## THE PRESIDENT'S REPORT

Dear Members,  
**Hugely successful**, were the sentiments **Emma McBride MP** used to describe our **Women in Art Expo and Artisan's Markets**. She added that she had visited the Expo on the Saturday and enjoyed it so much, that she brought her Mum back on Sunday. My sincere thanks to **Sam Blanks** for her efficient organisation of the Exhibition, and **Troy Flight** for coordinating the Artisan's Markets, but also for the multitude of helpers who worked tirelessly, for without them the event would not have been **'hugely successful'**. Forgive me for not naming each and every one of you.

And then came the rains! Our Members' Meeting in March had to be cancelled due to the floods. We had so much to share, which we will carry over to the meeting on the **22nd April'21**. **Sam Blanks** will be our **guest presenter**. There will be an update on our **2021 Fab Fakes**, **Corinne Adams** will tell us about some **exciting new workshops** she has organised. We will have an **auction** of quality art materials that have been donated to us by a very valued TLAS member, (who is downsizing), to raise funds so we don't have to up our GT Workshop fees.

More good news! We've been contacted by the producers of **'Put Some Colour in Your Life' TV show**, they would like to come and film a series with our TLAS members. Watch this space!  
Take care,  
Rasheeda

## ABOUT 'THE WASH'

*'The Wash' newsletter is a simplified version of the regular TLAS newsletter. It still informs members of important society news but in a concise form.*

*Most TLAS information (including downloads) can also be found in more detail on the [TLAS Facebook Page](#) and the [www.tlas.org.au](http://www.tlas.org.au) website. It's my hope that a larger version newsletter, with regular articles, will happen as a quarterly publication.*

## TLAS 'GOOD TIMES' WORKSHOPS

### Corinne Adams

Hi all, I hope everyone has dried out after all that rain, I for one hope to not see any more for a while.

As many were flooded in their homes when the last meeting was due we didn't have the opportunity to meet our guest presenter **Claudia Paddison** of 'Claudia's Creations', who is a local resin artist. I am hoping Claudia will come along to our next meeting and show us some of her fascinating pieces of 'resin art'. Claudia conducts her workshops from her home in Chittaway Point and is presenting classes for us, one of which will be held on **April 25<sup>th</sup>**, and she is giving back \$10 to TLAS from every person booking in, so the more places we book the more we earn for TLAS! I have another of her workshops ready to fill on **Saturday May 8<sup>th</sup>** from 10am to midday with all materials supplied including a 30x40cm canvas for \$120. I'm sure you will agree this is a very reasonable price. Will let you know how our first workshop with Claudia goes, I think we will have some really great messy fun - glad it's at Claudia's place!

Unfortunately due to ill health **Peter Tassell's Plein Air workshop** on March 20th had to be cancelled, I am hoping we will be able to book him in again for another workshop later in the year. Those members who have paid for this workshop will have their money refunded. The long awaited workshop by **Scott Denholm**, happened last Saturday to a fully booked class, (see the photos on the back page). As you may recall Scott was due to present his workshop for us in April 2020 but as he hails from Queensland he's been unable to cross the border due to Covid 19 restrictions. The day went extremely well, learning new techniques with his amazing acrylic abstracts.

On May 15<sup>th</sup> **Silvana Natoli** will present a **Gold Leaf mixed media workshop** where she will show us how to apply the gold leaf to a variety of surfaces to create a beautiful piece of art. If you are looking for something a little different, then this workshop is for you and I have a couple of places left, so get in quick. My very first Art teacher **Christine Ireland** will show us **ala prima oils** on June 12<sup>th</sup> where we'll paint her little Blue Wren. (*continues next page*)

Silvana Natoli is an accomplished and versatile artist with a degree in fine arts. She has also practised as an art therapist and has taught for many years specialising in decoupage, which birthed the name of her new Gallery Café in Wyong "LA CARTA" (translated "with paper") to where she and her husband Rob have semi-retired. One of her many other talents is creating magnificent pieces of art using GOLD LEAF.

(continued) We don't often have an oils workshop so get in quick for this one. Our wonderful **Judith Hoste** will teach us all how to create something spectacular in **Pastels** on July 17<sup>th</sup>. Our guest presenter from our last meeting, and winner of our WIA Exhibition, **Danni Liu** will conduct a Watercolour workshop on August 14<sup>th</sup> where we will paint a landscape and a floral arrangement. Our successful WIA co-ordinator **Sam Blanks** has agreed to have a workshop for us on September 11<sup>th</sup>. More details and workshops in the next newsletter. Book a workshop and come along for all day tea, coffee, biscuits & cake (don't forget to bring your lunch) and not only gain some expert art tuition but meet old & new friends and enjoy a great day. Our day runs from 9.30am to 3pm and is only \$20 for members \$25 for non members (non refundable).

I would like to acknowledge the timely donation of \$250 dollars from local member **Emma McBride**, as together with monies raised from our WIA raffle has made it possible to pay for tutors for these last 2 workshops. I would also like to thank all of those who donated items for the raffle. We're still looking for donors and or sponsors so we can book more tutors for our workshops. Cheers for now, Corinne  
*Art is an adventure that never ends.*

## SCOTT DENHOLM'S WORKSHOP

L to R: Scott's 'Good Times Workshop' was fully booked - mostly from the original booking over 12 months ago. Scott explained his technique of multiple layers and 'scrubbing' to reveal some of the previous layer. An eco-friendly artist, Scott uses *Hydrocrylic* organic paints exclusively. Another technique was the use of the roller. The artwork was created in computer (with Photoshop) - the 'organic' artwork can take days to complete, hopefully in time for a showing at the next Members' Meeting on 22nd April.
